User Search

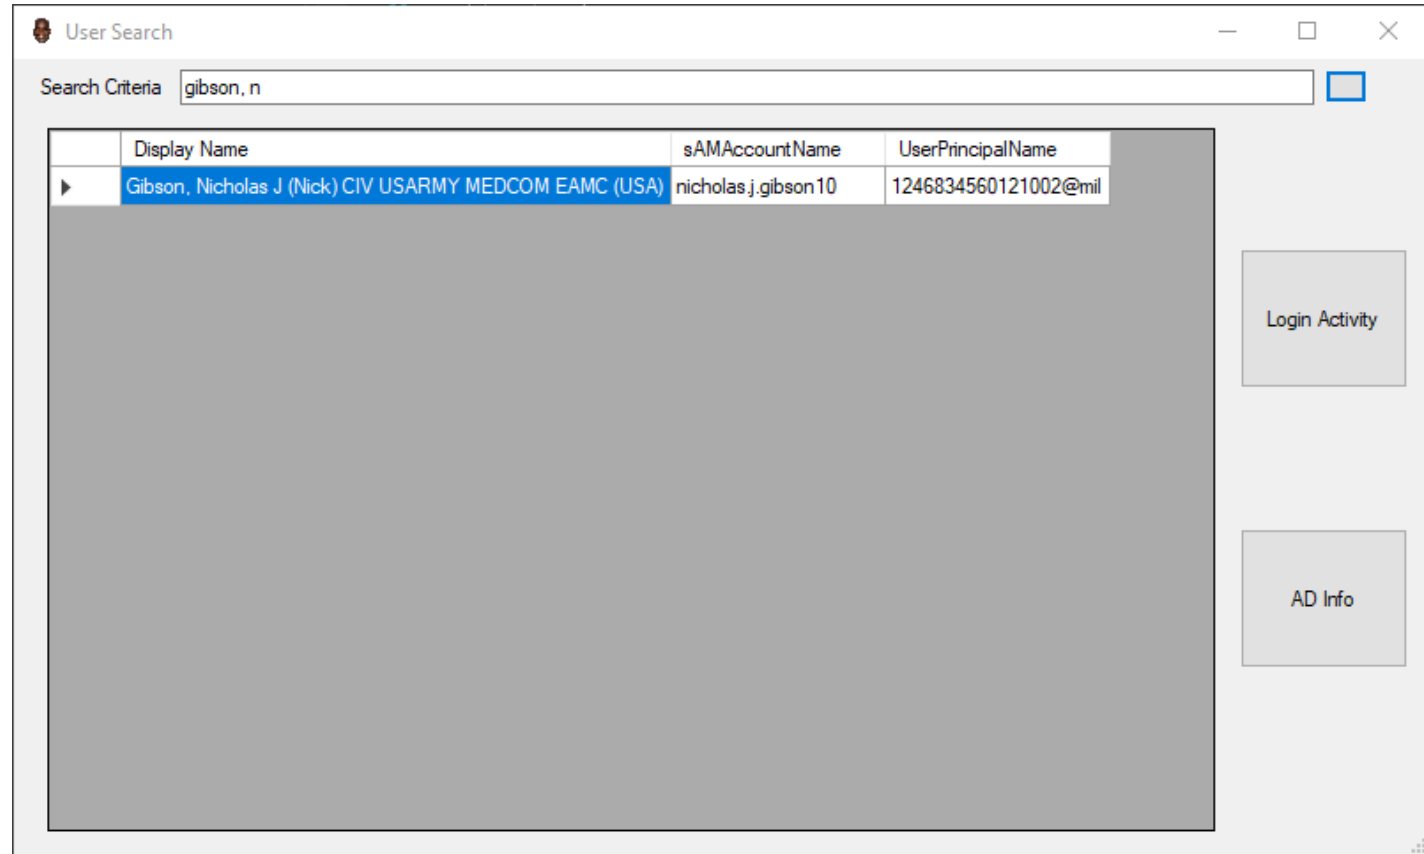

- Search Criteria can be:
 - SamAccountName
 - Last Name only
 - Last Name, First Name
 - UserPrincipalName
 - DoDID
- Hit Enter, or click the small button to the right of the Criteria box to search

User Search Results

Login Activity – See Login Event Display

AD Info – Read-Only Display of Select Fields

The screenshot shows a window titled "User Search" with a search criteria field containing "gibson, n". Below the search bar is a table with three columns: "Display Name", "sAMAccountName", and "UserPrincipalName". The first row of the table is highlighted in blue and contains the following data:

Display Name	sAMAccountName	UserPrincipalName
Gibson, Nicholas J (Nick) CIV USARMY MEDCOM EAMC (USA)	nicholas.j.gibson10	1246834560121002@mil

Below the table is a large gray rectangular area. To the right of this area are two buttons: "Login Activity" and "AD Info".

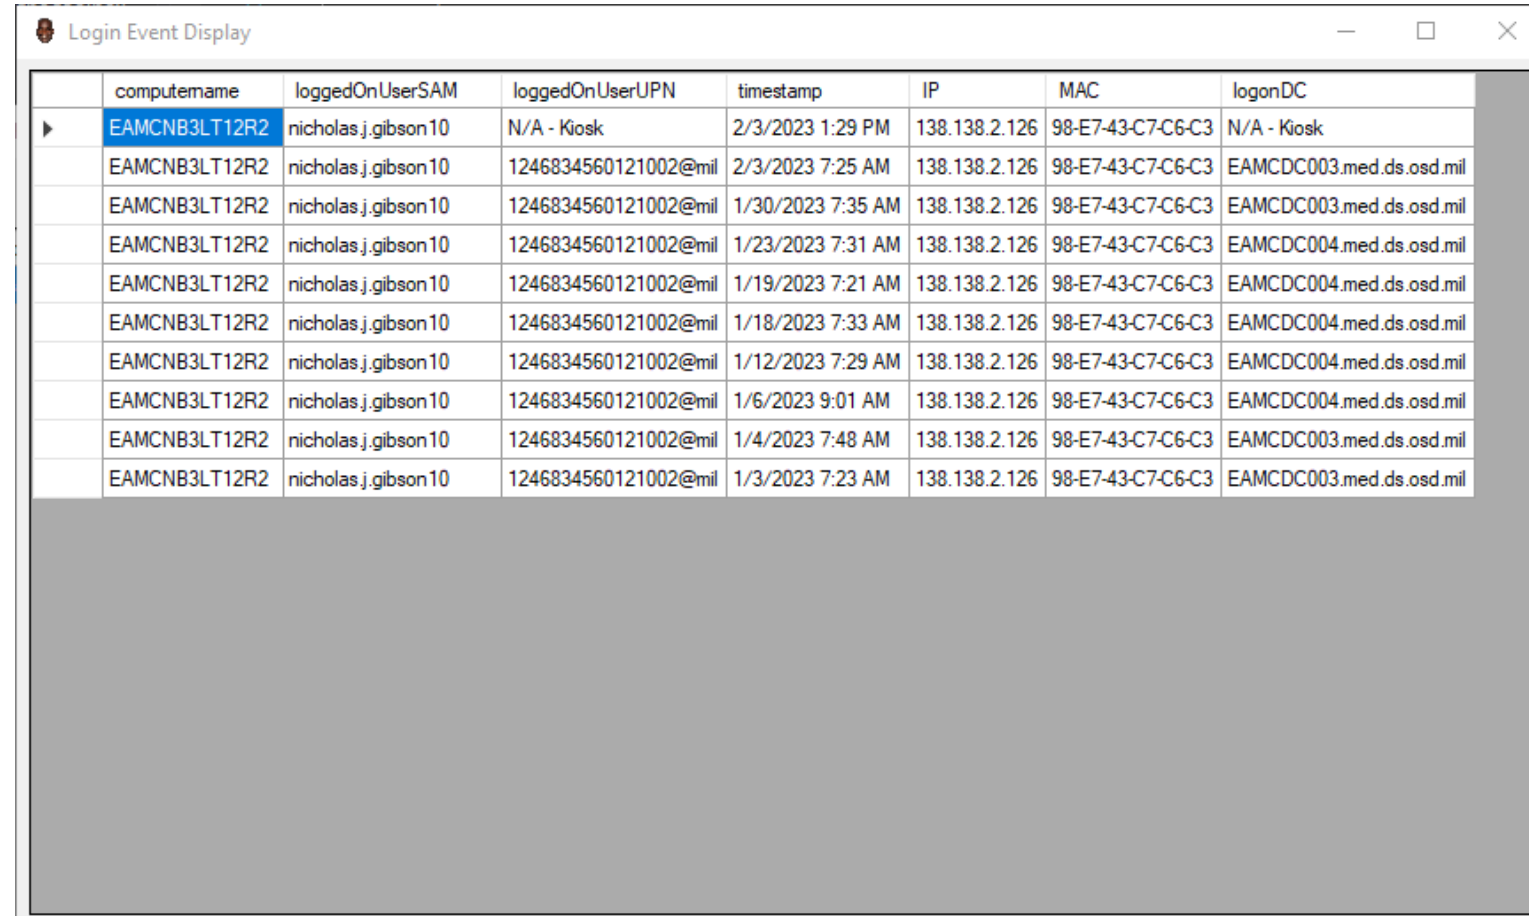

Login Event Display

EUD Login Events – Last 25 Events

User Login Events – Last 10 Events or 10 Days of Events, whichever is greater

From Login Event Display, you can double click on EUDs or SamAccountNames. Doing so launches a new EUD Search or User Search, respectively, with that data pre-filled.

You can also right-click on EUDs for a context menu (see [EUD Search Context Menu](#)).

The screenshot shows a window titled "Login Event Display" with a table of login events. The table has 8 columns: computename, loggedOnUserSAM, loggedOnUserUPN, timestamp, IP, MAC, and logonDC. The first row is highlighted in blue. The table contains 10 rows of data, showing login events for the user "nicholas.j.gibson10" from the computer "EAMCNB3LT12R2". The events occurred between 1/3/2023 and 2/3/2023.

EUD Search

- Search Criteria
 - Hostname
 - ECN
- Hit Enter, or click the small button to the right of the Criteria box to search

EUD Search Results

Application List – List of all installed applications, as of last login. Option to export list to CSV.

Login Activity – See Login Event Display

AD Info – Read-Only Display of Select Fields

EUD Hardware Info – Summary of available information on EUD, including hardware statistics, DMLSS data, network adapter data, and VLAN

The screenshot shows the 'EUD Search' application window. At the top, there is a search bar with the criteria 'EAMCNB3LT12R2'. Below the search bar is a table with three columns: 'Hostname', 'Description', and 'Distinguished Name'. The first row of the table is highlighted in blue and contains the following data: 'EAMCNB3LT12R2', 'Bldg 25501, Rm 25-01, Snyder Dental Clinic (Nick Gibson)', and 'CN=EAMCNB3LT12R2,OU=Laptops,OU=Clinical'. To the right of the table, there are four buttons: 'Application List', 'Login Activity', 'AD Info', and 'EUD Hardware Info'. The 'Application List' button is currently selected. The main area of the window is a large grey rectangle, likely representing the application list data.

Hostname	Description	Distinguished Name
EAMCNB3LT12R2	Bldg 25501, Rm 25-01, Snyder Dental Clinic (Nick Gibson)	CN=EAMCNB3LT12R2,OU=Laptops,OU=Clinical

EUD Context Menu

Ping – Sends an ICMP Echo to device. Alerts with success or failure message.

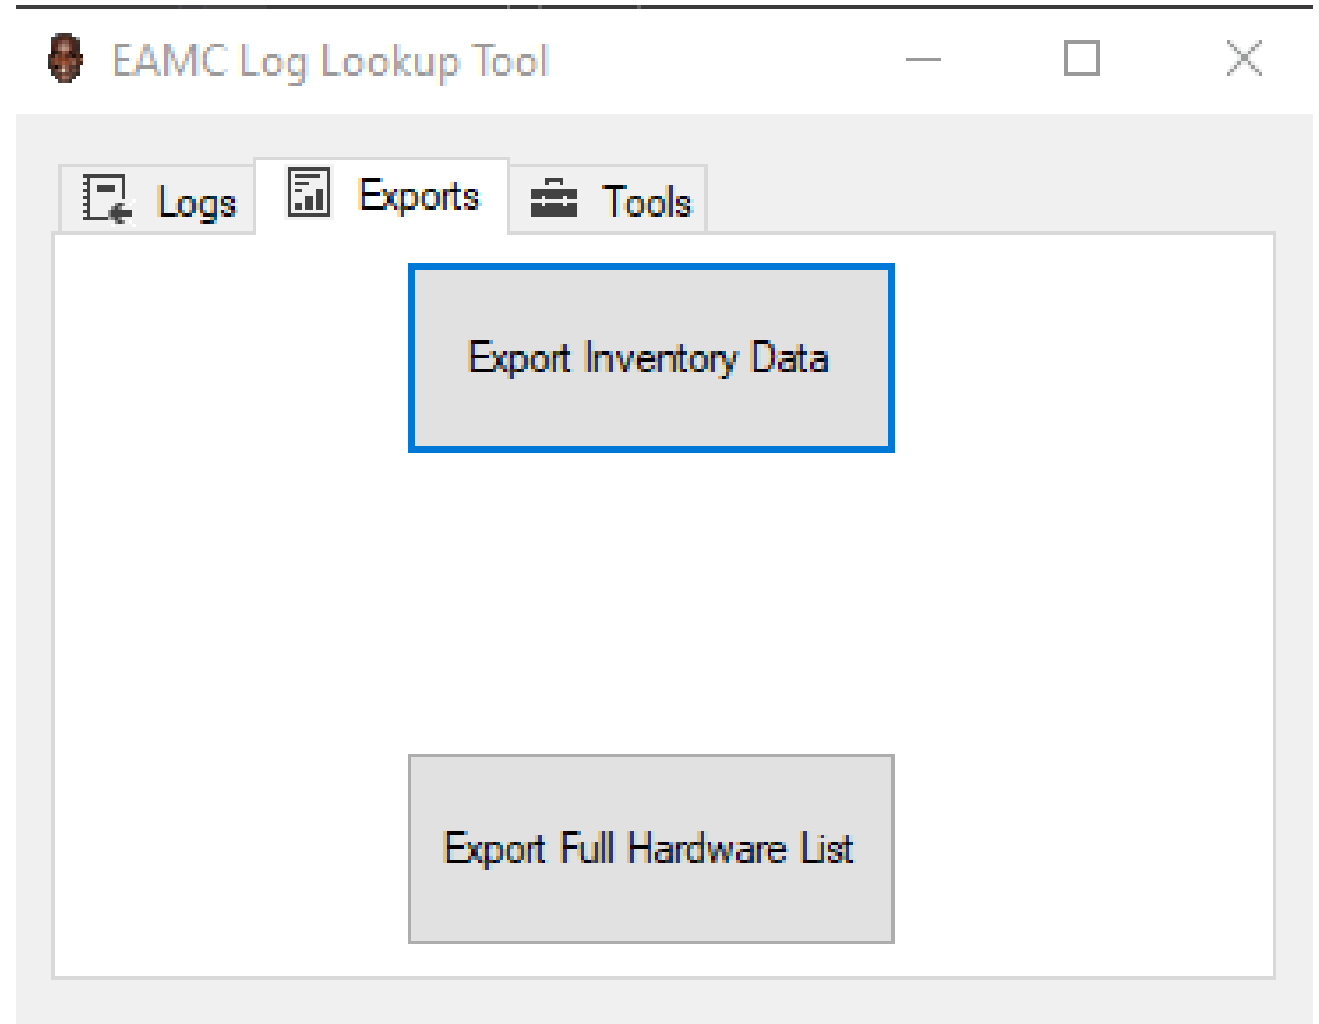

Jump To – Attempts to launch Bomgar and initiate a Jump session to device. May require UAC elevation. Bomgar must already be installed.

Exports Tab

Inventory Data – Allows user to enter a homogenous list of either Serial Numbers or ECNs, and generate an XLSX report of data from that list

Full Hardware List – An unfiltered XLSX report of hardware data on all available EUDs

Tools Tab

IP to VLAN Lookup – Entering an IP within the EAMC IP space will return VLAN data on that IP address
